The undersigned customer (hereinafter "Customer") has requested from Cleveland County Water (hereinafter "CCW") use of a hydrant belonging to the District for private residential purpose's,

The water will be used for the following purpose(s): _____

Customer agrees to abide by all regulations imposed by CCW regarding use of a hydrant and the manner in which the water is taken from the hydrant.

Customer will be allowed to use a hydrant only if CCW gives prior written approval by signing of this document. Customer will be allowed only to use a hydrant that is within reasonable proximity to the site for which water is needed (e.g.: swimming pool, holding tank). A properly connected fire hose in good repair will be required for the distribution of the water. The District shall not provide the hose but will insure that the hose is properly connected. If in the sole discretion of the District, it is determined that the site of use is too far removed from the hydrant, Customer will be required to have a tanker go to the District's water plant in order to obtain water. Absolutely no fill hose shall be laid across any roadways that will interrupt, impede, or impair vehicular traffic.

Under no circumstances shall a private individual be allowed to fill a tanker from a hydrant.

Customer shall pay to the District the following charges for water so used:

Service Call*	\$60.00
Rate	\$2.79 per 1000 gallons of water used

Service Call fee does not apply if tanker is filled at the water plant.
